Dolphin Cove ended the first quarter of the year with solid financial results, the Company produced US\$4.9 million in revenue, same amount compared to Q1-2023, but 26% above Q1-2019. Unfortunately, our revenue generation in this quarter was affected by unusual weather conditions mainly during January and February, causing 30 cancelled cruise ship calls, representing an estimated revenue loss of US\$250,000. On the other hand, the resumption of all inclusive in some of our tours and the addition of branded products in our shops led to a slight increase in our variable cost.

The expenditure incurred this quarter was 12% higher than in the first quarter of 2023. This increase is attributable to a larger operational structure resulting from investments made to accommodate a greater number of visitors to our parks and disbursements allocated to promotional campaigns abroad. Finally, certain expenditures, such as security services and insurance, have experienced significant price increases compared to the previous year.

The combination of these factors has resulted in the group generating US\$1.4 million in after tax profit, 13% below Q1-2023, but \$537,000 greater than pre-pandemic time in Q1-2019.

The unusual severe weather caused damages in several properties across the north coast including the Cruise Ship pier in Ocho Rios that according to the Port Authority, will remain closed at least for the next 6 months, and therefore, our team has been working on different strategies for other sales channels to minimize the effect.

Dolphin Cove's financial health is strong, with high liquidity and solid cash flow from operations. In the first three months of the year, the company generated US\$2 million in cash from operating activities. This allowed the Company to accommodate the payment of a dividend of US\$1.5 million. The Company anticipates the declaration of quarterly dividends subject to the financial results.

Update on GCT Assessment

In regards to the GCT assessment as referred to in Note 13(a) of the audited financial statements for the year ended December 2023, Dolphin Cove has recognized a liability of \$1,131,474 (J\$177,641,413), inclusive of interest and penalties.

After several deliberations, the Board resolved to accept the terms and conditions offered by the Revenue Authority which included a significant reduction in the interest and penalties and proceed with the settlement. As of the date of this report, the settlement is being finalized.

Both companies are incorporated and domiciled in Mexico.

2. Statement of compliance and basis of preparation

These unaudited interim financial statements are prepared in accordance with IAS 34 "Interim Financial Reporting" and comply with International Financial Reporting Standards (IFRS) and their interpretations adopted by the International Accounting Standards Board and comply with the provisions of the Jamaican Companies Act. The condensed interim financial information should be read in conjunction with the annual audited financial statements of the Group and the company. The statements are expressed in United States dollars which is the functional currency of the Group.

Property, Plant and equipment and live assets are included in the balance sheet at revalued amounts from time to time.

3. Accounting policies

The principal accounting policies applied in the preparation of these unaudited financial statements are consistent with those used in the IFRS compliant audited financial statements for the year ended 31 December 2023 as set out in Note 2 thereof. During the prior year, the Company discovered that the classification or presentation of some items in the statements of profit or loss and other comprehensive income and cash flows were not in line with the requirements of the applicable financial reporting framework. The nature of the reclassifications are as follows:

Selected Explanatory Notes Three months ended March 31, 2024

3. Accounting policies (continued)

- (a) <u>Statement of profit or loss:</u> As required by IAS1.82(ba), movement in ECL is required to be shown separately on the face of the statement of profit or loss and other comprehensive income. During the prior period, ECL movement on trade receivables was presented as part of 'operating expenses selling'.
- (b) <u>Statement of cash flows:</u> IAS 7 requires an entity applying IFRS to present its cash flows from operating, investing and financing activities in a manner which is most appropriate to its business. The reclassifications were:
 - Due from related parties, in the corresponding figures, was reclassified from investing activities to operating activities as the balance resulted from ordinary trading activities.
 - Bank overdraft was previously presented as a component of cash and cash equivalents. As this overdraft was not deemed to form an integral part of the Group and Company's cash management, overdraft is included in financing activities split between inflows and outflows.

4. Seasonality of operations

The Group earns revenues mainly from visitors to the country the number of which is higher in the winter months of the Northern hemisphere. Accordingly, the results of the first portions of the calendar year cannot be taken to be indicative of the likely performance of the entire year. As a result, the Group has adopted the practice recommended in IAS 34 that the results of operations should also be disclosed on a rolling twelve-month ("LTM") basis as well as disclosing the calendar quarterly and year to date results in the summary information in Operations.

5. Related parties

Due from

This amount represents amounts collected by the Wider Group and payable to the Group for bookings of visitors to the Group's parks.

The amount as "Due from Parent Company" This represents the remaining balance of advances granted during the year, and is unsecured, interest free and repayable on demand.

The amount in non-current assets represented a deposit paid to the Wider Group in respect of a construction project in St. Lucia on behalf of the Group which has been deferred.

Due to

The amount included in current liabilities represents accrued fees unpaid in respect of central services provided to the group by the Wider Group that have been approved by a committee of the board of directors comprised of the independent directors.

6. Earnings per share

The calculation of the earnings per share is based on the net profit and the 392,426,376 shares in issue during all of the periods.

7.- Asset revaluations.

Fair value of land and buildings

Land and buildings are revalued periodically to fair market value, and the last valuation done was in October 2023. These valuations are conducted by independent professional valuators, using recent selling prices of comparable properties.

However, as no two properties are exactly alike, adjustments are made to reflect differences between properties. Consequently, the determination of fair market value of the property requires that the valuers analyze the differences in relation to age and physical condition, time of sale, land to building ratio, the advantages and disadvantages of the location and other functional gains to be derived from the property, and make necessary adjustments.

Fair value of dolphins

All dolphins are carried at fair value. The fair values are determined based on the market price of dolphins similar age and recent transactions relating to the purchase and sale of dolphins within the wider group.
